NICHROME
Packaging Solutions

Intelligent, end-to-end Project Integration solutions for the Grains industry.

GRAINS SECTOR

From individual packaging machines to intelligent Project Integration Solutions, trust Nichrome expertise.

Project Integration calls for aligning and integrating different machines, stages and processes of packaging into a seamless chain.

Whether you require standard industrial packaging solutions or custom-made alternatives, consumer-sized packaging or bulk-sized packaging, Nichrome is your one-stop-shop for complete turnkey packaging lines.

Our approach combines strategic planning with creative execution to enhance automation and decrease wastage or downtime. We also work to stretch capital and improve production performance through formal feasibility studies, line audits, simulation modeling and the other tools and techniques. All of this helps our clients reduce operating costs and improve overall operating efficiency.
